

Congressional District 5

I am excited about the prospects for Americans to unmistakably change the direction of this country in the 2008 election. Real pain is being felt by middle income Americans across the political spectrum. Incumbents like my opponent Ginny Brown-Waite, will use every trick in the book to sidestep accountability for the crisis that has befallen all of us, on their watch.

That is why I need your help to clarify the distortions that are certain to come from my opponent, and to clearly convey *my message of meaningful and positive change* to the voters.

It is *your personal* financial contribution to my campaign that will help me add my voice to the "chorus of reason" routinely exhibited by the relatively few *Truly Progressive Democrats* in the Congress. We all know who *they* are, and with your help, I will join them.

In 2008 We Are All Invested In Electing A True Progressive Democrat As Our Next President...

However, Without A Dominant Progressive Caucus In The Congress, We Will Have Squandered this once in a generational opportunity for change!

"As someone who wishes to maximize the return on our shared investment in electing a progressively oriented Democratic President, I will stand as a strong advocate for progressive policies like single payer healthcare and ending the war not only throughout this election, but when serving in congress as well."

Thank you. *John Russell*

About John Russell

John Russell 52, originally from Buffalo New York has been a resident of Dade City, Florida since 1995. John is engaged to Ms. Chyrisse Tabone an environmental scientist.

John is a nationally certified acute care Nurse Practitioner (ARNP) with a Masters in Nursing from the University of South Florida. John also has an MBA in Health Systems Management from Niagara University and the State University of New York at Buffalo.

Inspired by the events that followed meeting Vice President Al Gore at 5:30 am on election day in 2000, John went on to campaign for other Democrats and became actively engaged in voting rights issues as well as opposing America's invasion of Iraq in 2003.

In 2004, John finished a close second in a field of four Democrats vying to unseat Republican Ginny Brown-Waite. Filing to run again in 2005, John was one of 18 candidates selected nationally to attend AFSCME/New House PAC's Congressional Boot Camp. John went on to win the 2006 primary election taking on Ginny Brown-Waite in the General Election. Outspent 20 to 1, John managed to garner well over 100,000 votes.

This year, John is confident about bringing his tenacious advocacy for progressive issues to Washington. As a Nurse Practitioner, John sees first hand the consequences of the renegade policies of the Bush administration which have been consistently facilitated by his opponent. John needs your help to get his message of hope and change to the voters of District 5 this November. A proven man of conviction, once elected John WILL NOT back down!

Florida Congressional District 5

Florida Congressional District 5 is a sprawling district much of it rural and agriculturally oriented, while also having large populations of retirees and working families. District 5 also is home to one of the largest populations of Veterans in the nation.

Barack Obama's campaign has recognized the importance of Central Florida by locating their statewide headquarters in Tampa's Ybor City neighborhood. Congressional District 5 just north of Tampa includes most of *Presidential bell weather Pasco County*, as well as eight other counties. Notably, in 2004, some experts attributed George Bush's victory in Florida to his win in Congressional District 5!

It is with this in mind, that I ask for *your financial support* in taking on and defeating incumbent Ginny Brown-Waite who calls Puerto Ricans "illegal aliens"; authored a bill to "exhume and ship home" fallen Veterans of D-Day interred in the fields of Normandy, France; and voted to **DENY** health care to poor children, while also voting to **ALLOW** lead paint in toys imported from China. Unbelievable as this may sound, this is only a sampling of her thoughtlessness.

“WORKING AMERICA”
is being crushed by
“INSIDER AMERICA’S”
near total dominance over
Washington politicians.

I think it is time for the old politics of “Go Along to Get Along,” clearly evident on both sides of the aisle for years, to be replaced by the character and integrity that are emblematic of doing what is right and proper for the American people.

“Your contribution to my campaign can help me put some **spine** back in Congress. No matter where you live, I will be *your* voice in moving the debate toward addressing the BIG issues like Iraq, energy, healthcare and the economy.”
